Biography

"The Music I Make is My DNA"

Gary Mach is a music composer, producer & drummer, well known for his "Terner Beat Drumming Style" blending a triplet style of playing which carries along his motherland's traditional grooves with electronic music. His aim is to carry forward the traditional "Sega Engagé", Sega music & Seggae grooves as far as possible so that the culture and history is passed down to future generations and of course to make people dance.

Gary Mach has been drumming with a few bands in the past years going through different music genres. He has also been part of a few music collaborations and worked on part of the music scoring for the Indian Ocean Island Games opening in 2019.

Gary Mach has released over 20 singles, 2 EP's and is working on 2 concept albums with a live performance. He is currently the drummer of a rock band called "The VB Project", scoring the music for a musical called "Sea Shanty Shanti" and at the same time working on his album "LowKal" which is to be released by next year.
